HERO BORDER GUARDS

As is well known, at 4:10 Moscow time on 2 March, the Chinese government organized an armed provocation in the region of the border point of Nizhne-Mikhaylovka (Damanskiy Island) on the Ussuri River. According to the Soviet border guards who have guarded this region, all of a sudden from the Chinese side machine-guns and automatic rifles opened fire. The operations of the Chinese border aggressors were supported from ambush by fire from the Chinese bank of the Ussuri River.

The bandit raid cost the lives of 31 Soviet border guards, and 14 people were wounded. But the blood of the brave Soviet soldiers, spilling on the Ussuri River, will not be forgotten.

The criminal provocation of the Chinese government has provoked the anger and indignation of all the Soviet people. At numerous meetings in the towns and villages of our great Motherland and in the units and subunits of the army and navy, the Soviet people are voicing a firm protest against the blatant attack of the Beijing (Peking) adventurers on the Sino-Soviet border and against the campaign of hatred and calumny whipped up by the Maoist and hostile to the cause of socialism.

The Soviet people and the fighting men of the army and navy are drawing all the necessary conclusions from the blatant provocations of the Beijing (Peking) regime, are improving their own revolutionary vigilance and combat readiness, and in every way possible are consolidating the might of our Motherland - the stronghold of peace and socialism.

The soldier border guards who took part in warding off the armed provocation organized by the Chinese government on 2 March on the Sino-Soviet border in the region of Damanskiy Island.
